Constipation causes more than half the ills of women. Kari's Clover Root Tea is a pleasant cure for constipation. For sale by Thos. Kennedy.

MT. STERLING, KENTUCKY.

Town Marshal H. H. Harmon and Wick Younger were killed in an encounter one mile from Adairville Sunday evening. Their dead bodies were found by the roadside.

MT. STERLING. - KY.

## County Supt. of Schools.

"The veterans made the pathetic picture of the parade. Nearly all are old, and for the most part weak and feeble, but, summoning their remaining strength, they marched with pride.

The Kentuckians received marked attention and the squad on parade, headed by Gen. Buckner, received every complimentary recognition at a number of points along the route.

The results attained right here at home have been marvelous. Hundreds of your neighbors who have used Wright's Celery Capsules say they cure Kidney, Liver and Stomach trouble, Rheumatism, Constipation and Sick Headaches. Why pay \$3 every two weeks for a bottle of medicine when you can get treatment at 1 cent a day. Wright's Celery Capsules give 100 days' treatment for \$1.00 backed by a bank, to cure, you or refund your money. Sold by W. S. Lloyd Druggist, 43-41

ANNOUNCEMENTS.

For Circuit Judge.

We are authorized to announce  
JUDGE B. F. DAY,  
as a candidate for Circuit Court Judge of this district, subject to the action of the Democratic party.

We are authorized to announce  
M. S. TYLER,  
as a candidate for Circuit Court Judge of this district, subject to the action of the Democratic party.

For Commonwealth's Attorney.  
We are authorized to announce  
J. H. WILLIAMS,

We are authorized to announce  
WILL A. YOUNG,  
as a candidate for Commonwealth's Attorney of this district, subject to the action of the Democratic party.

Democratic Ticket.

For Congressman, Tenth District,  
T. Y. FITZPATRICK,  
of Floyd County.

Herr John Most, the apostle of anarchism, says that Gov. Altgeld, the man who is doing the thinking for a good many delegates at Chicago is "a great man," an unusual man, "the friend of anarchism." He says that anarchism "love, admire and respect" Altgeld, and that if all Governors were like him we anarchists could not complain so much.—Courier-Journal.

Hon. Wm. Marble, of Princeton, is mentioned as a congressional possibility in the First District. He is a Democrat and has served for several years as County Attorney of Caldwell county.—Courier-Journal.

Judge Marble is not only one of the purest men and one of the best workers in the State but is a man of such ability that he would make a representative of which not only his district, but the whole State would be proud. The district would honor itself as much as it would Judge Marble by sending him to Congress. The Judge is known by and popular with many of our people, whose acquaintance he has made and esteem he has won during visits to friends in Montgomery. His wife is a niece of the venerable ex-Chief Justice B. J. Peters and has a wide connection in this county.

The Democratic National Convention meets to-day at Chicago. This will be one of the most notable conventions of our party in many years, and never in its history has there been a time when conservatism was more needed. Who will be the nominees for President and Vice-President can not as yet be predicted with any degree of likelihood. Mr. Bland seems to have a large following. Mr. Folio has also many friends, while Matthews, Stephenson and Campbell are by no means impossible. Senator Blackburn does not seem to have developed any great degree of strength for first place, though he is quite extensively spoken of for Vice-President. The gold element seem inclined to allow the silver men to have their own way without offering any serious opposition, though in some quarters it is asserted the Single Standard men will inaugurate a very vigorous warfare upon the Silver majority and before either the platform is adopted or the nomination made, cause very serious trouble. In short, it is at best, but a guess as yet what will be done at Chicago.

Here is the Way They Go

A Republican subscriber writes us: "You will please stop my paper as you are so 'phoney' against Langley. I desire to inform you that he will be elected by not less than 1,000 majority."

Thanks for the valuable information.  
The Mt. Sterling Floral Company has changed hands and Mr. J. H. E. Johnson will be found at his residence on North Mayville Street, prepared to fill all orders in the way of cut flowers and plants.

The National Democratic Convention meets at Chicago to-day. Who will be the nominee?

A THOROUGH-BRED DEMOCRAT.

Senator Gorman's Daughter Proves on Her Wedding Trip.

Chicago, July 5.—According to Mr. C. Vey Holman, the Maine delegation, which left Portland Friday, in a car supposed to be especially devoted to their exclusive use, were somewhat surprised a few miles out to have a young lady assigned to a section in their car, on a through ticket to Chicago. Upon ascertaining her to be the daughter of a leading Maine Democrat, the delegation chivalrously placed the State-room at her disposal. On leaving Fabyans at the White Mountains another young lady accompanied by a gentleman entered the car.

Some one said: "You better not go in there; there are only Democrats in there."

"That's just where I want to go then," she replied, and the enthusiasm with which the Pine Tree delegates greeted her in response was but intensified upon learning that she was the daughter of Maryland's distinguished Senator, A. P. Gorman, upon her wedding trip. During the time she remained upon the train she certainly received abundant evidence of the sincerity of her welcome.

The Fourth Appropriately Celebrated.

Bartlett Paxton, the six-year-old son of Claude Paxton, gave a most delightful entertainment to twenty or more of his little friends Saturday evening. The little fellows enjoyed the glorious fourth to a degree that would make the older people ashamed of themselves. They were full of enthusiasm and good things. About 8:30 they repaired to the Botts property where there was a grand exhibition of fire works which attracted many others beside the party. Bartlett, the mainly little fellow saw that every one had a good time and they were all sorry when the time came to go to their homes.

Religious.

Elder E. V. Spicer will assist Elder H. B. Robinson in the protracted meeting which will begin at Somerset Church next Sunday, the 12th. Brother Spicer made many friends when he preached there two years ago, who will give him a hearty welcome. A cordial invitation is extended to every one to be present.

The union service held its first summer meeting at the Baptist Church Sunday evening. Rev. Maxwell, of the Southern Presbyterian Church, preached the sermon on the subject of covetousness. It was a fine sermon and if the congregation had been exclusively men it would have been more applicable. The second meeting will be held at the First Presbyterian Church and Elder H. B. Clark will preach the sermon.

The Union Church at Olympia will be dedicated next Sunday. The building is owned by the Methodists, Presbyterians, Christians and Baptists. A sermon will be preached by a representative of each of the above named churches, beginning Saturday evening. The dedicatory service will be Sunday afternoon and the sermon will be preached by Rev. Everett Gill, of this city.

Bill Clark, the Louisville convict in the Frankfort Penitentiary who recently formed a plot to blow up the prison with dynamite, Sunday struck Joe Mirra, a fellow-prisoner, who was acting as his guard, with an Indian club. Mirra's skull was laid bare, and his injuries may prove fatal.

Mrs. David M. Johnson died July 5th, and her babe three days old having died a short time before was buried in her arms. She leaves three children. Elder H. B. Robinson preached the funeral.

The statement of the Traders' Deposit Bank is found in this issue. A 3 per cent. dividend has been declared. The earnings of the past six months is very gratifying and the statement is satisfactory to all concerned.

The Mt. Sterling National Bank as usual declares its semi-annual dividend. Its statement is published in another column. The showing is an excellent one and is a high compliment to the cashier, Mr. Pierce Winn, and Board of Directors.

James Proctor, who has been attending the Louisville Dental College, returned to his home in this city yesterday.

The Youngest Confederate.

A Richmond, Va., dispatch to the Atlanta Journal says: "One member of the Georgia delegation attending the Confederate reunion has suddenly acquired fame by his well-founded claim of being the youngest soldier of the Confederacy. D. B. Freeman is secretary and one of the alternates from Bartow Camp, No. 820, Cartersville. Accompanying a brother into camp at the age of eleven years, in May, 1862, he was offered and accepted the place of marker of the Sixth Georgia cavalry. He filled that place during the drilling days, which lasted only a few months, and then fell regularly into the ranks of the regiment, bearing side arms and a short saber, being too small to carry a carbine. He was with the regiment in the campaign of Bragg into Kentucky, and then later in numerous raids and engagements in upper East Tennessee, and also in the retreat of Johnston before Sherman from Dalton to Atlanta. There are older survivors now living in his section who remember him, and can bear witness to his service, and with whom he can mutually compare experiences and recall adventures. Mr. Freeman is now forty-five years of age, and is a resident of Cartersville, the home of Sam Jones, and is one of the editors and proprietors of the Courant-American, a paper of good standing and influence in its section."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constant failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. Cheney & Co., Toledo, O.

A Valuable Prescription.

Editor Morriss, of Washington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stechie, 2625 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Price 50c and \$1.00. Get a bottle at W. S. Lloyd's drug store.

It is estimated that over 40,000 visitors will be in Washington Wednesday in attendance upon the fifteenth International Christian Endeavor convention. A good sized delegation from Mt. Sterling, including Rev. A. J. Arrick and wife, are in attendance.

Several of our farmers, among them Asa Dean and R. B. Young, were in attendance on the tobacco sales at Louisville and Cincinnati the past week. They report the market the worst they ever saw.

A Moonshine Raid.

Saturday night Deputy Collector M. O. Cockrell, Chief of Police C. T. Wilson, and special deputy Sam Everett, started from here to raid a moonshine still, said to be located on Spanghs Creek, in Menefee county. The officers reached the still before day break Sunday morning, and found two men at work whom they captured. A third was found coming to the still with a sack of meal. He declared to the officers he was going to mill, but when they wanted to know what he was doing carrying meal to the mill and why he should mistake a moonshine still for a mill he was unable to furnish any explanation that would satisfy them. The officers and with the three prisoners reached the jail here about 11 o'clock Sunday morning. Names of the men arrested are John H. (Bud) Hutton, Thomas Day, and James Campbell. They will have their examining trial before United States Commissioner T. F. Rogers.

Ice Cream Made By a New Process.

I have an Ice Cream Freezer that will freeze cream instantly. The cream is put into the freezer and comes out instantly, smooth and perfectly frozen. This astonishes people and a crowd will gather to see the freezer in operation and they will all want to try the cream. You can sell cream as fast as it can be made and sell freezers to many of them who would not buy an old style freezer. It is really a curiosity and you can sell from \$5 to \$8 worth of cream and six to twelve freezers every day. This makes a good profit these hard times and is a pleasant employment. J. F. Casey & Co., 1143 St. Charles St., St. Louis, Mo., will send full particulars and information in regard to this new invention on application and will employ good salesmen on salary.  
ROBERT C.

Swift Justice.

On Monday last Late Brooks shot and killed Gus McKonzie at West Liberty. On Wednesday Brooks was indicted and on Thursday his trial began. Saturday he was convicted and yesterday sentenced to be hung. Score one for Morgan. If some other counties, not excepting Montgomery, would follow Morgan's laudable example, there would probably be fewer murder trials on the dockets of our courts for some time to come.

The Ideal Panacea.

James L. Francis, Alderman, Chicago says: I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations." Rev. John Burgess, Keokuk, Iowa, writes: "I have been a minister of the Methodist Episcopal Church for 50 years, or more and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough remedy now. Trial bottles free at W. S. Lloyd's drug store.

Bob Case Arrested.

Governor Bradley has issued a requisition on the Territorial Governor of Indian Ter. for R. L. Case, who is said to be under arrest there and who is wanted here for forgery. It will be remembered Case deserted his wife and eloped with a Miss Lilly Pierce, after forging a check on his father-in-law, Peter Lee. Officers started yesterday with the papers to bring Case back to this county.

The pain that sometimes strikes a man at the most inopportune moment is due to indigestion. It may come in the midst of a dinner and make the feast a mockery. It is a reminder that he may not eat what he chooses, nor when he chooses. He is a slave to the weakness of his stomach. A man's health and strength depend upon what he gets out of his food. This depends on his digestion. Remove the obstruction by taking Dr. Pierce's Pleasant Pellets. They are a positive cure for constipation and its attendant ills—headaches, sour stomach, flatulence, dizziness, biliousness, "heartburn." The "Pellets" are very gentle in their action. They simply assist nature. They give no violent wrench to the system. They cause no pain nor griping.

#### Tom Welch Makes Things Go.

(FROM KENTUCKY REPUBLICAN.)

I was to-day the second time down where Mr. T. C. Welch is making "The Gray Stone Pike," and I was more than pleased with Mr. Welch and his stone crusher.

Welch began work on this pike the 15th of May he said he would complete the section, one mile and twenty rods in length, in thirty days, and he tells me to-day he will make good his promise. Some part of his machine broke, which caused a suspension of work for thirteen days, yet he will close out this section the present week, which will reduce the time to less than twenty-five days to complete the job. The pike he is making is superior to any I have ever seen when finished. The base and surface are of the usual thickness, twelve and eight inches respectively, and a heavy coat of pulverized stone over all, which fills all crevices and forms a cement as smooth and as firm as if covered with asphalt. No indentures or furrows will be made by vehicles, and no necessity for shying from sinks and prominences by the traveler. Every part of the surface will remain smooth until worn out by friction. It struck me at once that the stone crusher will be certainly adopted for repairing our pikes, and our Fiscal Court should acquaint itself with the great advantages of this machine for repairing pikes before letting to contractors. My opinion is that to employ men who own stone crushers to repair our pikes would save many thousands of dollars to the county per annum. Upon my asking Mr. Welch how many miles he could keep in repair he replied: "If the stone crusher will be in your county in repair," implying, of course, that another crusher or two, perhaps three or four more, would be required. Of course his work would be done by the rod, but at a cost much below the price paid to "sappers." But the letting of the pikes for repair will be to the lowest and best bidders, of course.

### For Sale.

For reasons entirely disconnected with the business, I offer for sale my one-half interest in the Mt. Sterling Advocate and the Advocate Job Office. The other half interest cannot be bought at any reasonable figure. This interest, if sold in the next ten days, can be bought at a bargain.

C. W. HARRIS.

June 29, 1896.

Four, six and eight ball Croquet sets for cheap. 70c, 80c, and 90c, at W. W. Reed's.

Dr. Danicle's Colic Cure never fails to cure and won't make a horse sick. Tipton's drug store.

The grading of Sycamore street is progressing and ere long Mr. Thos. Welch will have the metal on.

Mt. Sterling is going forward with new houses, residences and business, also new streets. The water plant will be put in and other improvements to follow.

William Scott has accepted the position as salesman with Walsh Bros. He will make them a good man. Mr. Scott desires to see his friends at his new place of business.

The news of the Chicago Convention will be on bulletin board at this office during the entire meeting. We give this to our patrons through the kindness of the Western Union Telegraph Company and the local manager, Mr. Coleman.

The Mt. Sterling Gazette has changed hands. L. T. Wood & Co. having purchased the plant from J. B. Hall. J. C. Wood will be the editor. The office has been moved to the Journal office, and will be, as heretofore, Republican in politics.

Mr. John W. Williams and family are now at home in their beautiful residence on west Main St. Of this lovely property we have made mention before and to be fully appreciated it is necessary to go through it. It is convenient from cellar to garret and the fish is that of highest grades of furniture.

The Christian Endeavor Union of Montgomery county met with the Glendale Church on last Friday evening. There was a large crowd of Christian workers and the programme was of interesting subjects and was carried out. All present were both delighted and edified. The work of this organization of the different churches of the county is producing a marked effect for good. The church was beautifully decorated, music was good, and altogether this was a very profitable and enthusiastic meeting.

Joel Feiler has used Dr. Danicle's Colic Cure for years and has never lost a horse with colic. He can't say too much. At Tipton's drug store.

### The Glorious Fourth.

The Fourth was but slightly observed in Mt. Sterling. Very many of our people had gone elsewhere to spend the day. A heavy rain in the morning and threatening weather all day seemed to act as a check on enthusiasm and even the small boy and his fire cracker were but little in evidence.

The exercises at Oak View Park were very much interfered with, but still a good crowd was in attendance. The track was too heavy for very fast time. The following were the winners of first prize.

The Novice race, one mile spurt, had five entries and was won by Stanley Arnold. Time 3:32.

The one-half mile race, open, best two out of three, was won in straight heats by William VanAntwerp. Time 1:37 and 1:32.

The Montgomery Championship race of one mile had four entries and was won easily by William VanAntwerp. Time 2:58.

The five-mile handicap race was the most interesting of all and nine ambitious youngsters faced the starter. Stanley Arnold was the winner, much to the surprise of everybody, as he brought up the rear for four long miles and over, when with seemingly little effort he forged his way to the front and passed under the wire an easy winner. Time so fast that it could not be caught.

The Montgomery Gun Club had a very pleasant "shoot." We give below the score of the live bird shoot:

SIX LIVE BIRDS—38 YARDS.	
Stoner	110100-3

### A Killing at Stanton.

Robert Hardwick was shot and killed Friday evening at Stanton by "Hoss" Pettit. The shooting was the result of a old feud. Hardwick was in this city Friday and as he was drinking his friends had some trouble in getting him to take the train for home where he went, but to meet his death. Hardwick married a Miss Bedford, of this county, a most estimable woman, who has been devoted to him through all troubles and difficulties. Hardwick himself was said to be a man of excellent quiet and peaceful disposition when sober, but a very dangerous man when under the influence of whisky.

The Exchange Bank of Kentucky declared July 1st, a semi-annual dividend of 3 per cent, and their statement which appears in this issue, makes a fine showing and is a credit to the officers in charge.

### HORSE AND TRACK.

Trevilian, 2:08 1/2, is now a member of El Geers' stable.

Kentucky Union, 2:10 1/2, holds the trotting honors of the year.

John R. Gentry lowered his record of 2:03 1/2 at Red Oak last week to 2:03 1/2.

Prince Murat, that won a race at Oaklawn in 2:24 1/2, is a brother to Gazette 2:06 1/2 by Oward.

Jack Curry firmly believes Joe Patchen will eventually lower all the present champion records. The big fellow is in fine fettle this spring.

William Penn, 2:07 1/2, arrived at Washington last Saturday and is at last a member of Gus Macine's string. He is looking very fine, indeed.

Hulda is reported on the sick list, but Beuzetta is in splendid condition. Hickok is going slow with her, her fastest mile so far having been in 2:15 1/2 only.

Jo Patchen and John R. Gentry met at Chicago last week their first meeting this season. It was easy for Jo, he won in straight heats, time 2:05 1/2, 2:06 1/2.

Favors, 2:12; Maggie Sherman, 2:13; Helen Leysburn, 2:14; Herbie, 2:15; Austria, 2:16; and Sassy, 2:18 1/2 will meet in a \$5,000 free-for-all at Vienna, Austria, in August.

John R. Gentry is shod now with 6-oz scotch-toe harness forward and 5-oz shoe behind. He wears a plain bit, rubber covered, into which an ordinary side check is buckled.

It is a coincidence that the first 2:30 two-year-old of 1895 (Electrophor 2:30) and the first of 1896 (Mary Beaufort 2:26 1/2) are both sons of Electioneer (Electric and Golden Sloop), and both took their records on the same track—Oaklawn, Wis.

Kentucky horsemen won their share at Chicago, Ill. Macey Bros. won the 2:30 trot for 3-year-olds with Marguerite in 2:18 1/2. Jo Thayer won the \$5,000 Horse Review stake with Mary Beaufort (2) in 2:24. Doug Thomas won the 2:10 trot with Bessie Whitton.

### Spoons Free to All.

I read in the Christian Standard that Miss A. M. Fritz, Station A, St. Louis, Mo., would give an elegant plated hook spoon to any one sending her two-cent stamps. I sent for it to my friends, and made \$12 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in place by a hook on the back. The spoon is something housekeepers have needed ever since spoons were first invented. Any one can get a simple spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home.

46-124 Very Truly,

JEANETTE S.

The free-for-all derby will begin at 1:30 to-day. One Kentucky thoroughbred is entered and is expected to make the winner "go some."

### Church Etiquette.

A church should be entered with a most reverent feeling. The object of attending divine service is to improve the spiritual nature, and hence business and everything of a secular character should be left behind when you enter the church portal.

If a stranger, you will wait in the vestibule until the arrival of the usher; who will conduct you to a seat.

Enter the church quietly, removing the hat, and never replacing it until the door is reached again at the close of the service.

If a stranger and accompanied by a lady, you will allow her to precede you, and follow the usher up the aisle until the pew is reached, taking seats at the further end if you are the first, so that you will not be disturbed by later arrivals. It is no longer a custom, as formerly, for the gentleman to step into the aisle and allow ladies that are strangers to pass to the inside.

The gentleman will place his hat, if possible, under the seat, and while in church the occupant should avoid making a noise or starting around the building, whispering, laughing or nodding to others.

All greetings, recognitions and conversation should be conducted in the vestibule after service. While in church, the passage of a fan or hymn book to another should be recognized by merely a quiet bow.

Should you see a stranger waiting, you may invite him to enter your pew. If speaking is necessary then, when you open the book and point out the service.

If a stranger, it is best to conform to the rules of the service, rising and sitting down with the congregation, and although the forms may be radically different from what you are accustomed to, you should comport yourself with the utmost attention and reverence.

Avoid making a noise when entering a church after the services have commenced. It is disrespectful to come late and show bad manners to leave before the service is through. You should wait until the benediction is pronounced before you commence hunting your articles in order for leaving.

It is a breach of etiquette for a number of young men to congregate in the vestibule and there carry forward a conversation commenting upon the services and various members of the congregation present.

If a member of a church, you should be regular in attendance. While the pastor has put forth, possibly, extra efforts to prepare an effective sermon, it is poor encouragement to find members of the congregation absent because of a trivial storm, away upon pleasure drive or absorbed in the contents of a Sunday paper.

Yesterday's Courier-Journal in speaking of Saturday's rain storm in that city says: Six fire engines were kept busy all yesterday morning and three during the afternoon pumping water from cellars that were flooded by the storm Saturday. The damage in this city will be heavier than was at first estimated and will reach several thousand dollars.

### For One Gallon.

Starbuck evening, a colored man, Bob Black, came to town and got a gallon of whisky and when he started home his horse became unruly and got down on the street, and during the excitement, one James Kash, who had eyes to business, it is said, got in his work and the whisky was missing. Now there is a warrant out for the arrest of Kash.
